MEMORIAM

Our ancestors have left their blood on the green at Lexington and the snow at Valley Forge.

on the walls of Fort Sumter and the fields at Gettysburg

on the waters of the River Marne and in the shadows of the Argonne Forest

on the beachheads of Salerno and Normandy and on the sands of Okinawa

on the bare, bleak hills called Pork Chop and Old Baldy and Heartbreak Ridge, and in the deep dark jungles of Viet Nam.

A million and more of our countrymen have died for freedom, leaving our country as their eternal monument.

Our memoriam is small in comparison to the supreme price our ancestors paid so that we might live in freedom and democracy.

We at Newnan High School are no different from students at any other school. High school students have experiences in common that can be understood only by them. We remember friends, individual achievement, and those who assisted in the achievement. We remember working with the idea that accomplishment and knowledge are good.

A yearbook is a memory book to present a candid and comprehensive record of the school year. There are moments which memory can seldom recapture, and memory fades except for the people and the events. This yearbook presents a picture of our versatile student body, of the emphasis placed on education, and of the events which make up a great and growing institution.

Each section attempts to give an insight into the spirit, the traditions, and the records of Newnan High School. We leave this legacy — a spirit to equal, a tradition to uphold, and a record to better. In all, we attempt to reflect the good times and the bad, the individual development, the pleasant surroundings, and the changing moods of Newnan and its high school because each is a part of it all.

We of the 1967 EMPYREAN Staff Present . . . .

A VIEW OF NEWNAN

A CITY OF HAPPY PEOPLE

BUT NOT ASLEEP

A CITY OF VARIED INTEREST

But Also of Peace

AND IN THE MIDST OF ALL THIS . .

ALMA MATER

All Hail, Alma Mater,
Thy praises we sing.
With loyal devotion,
Our tributes we bring.
As pilgrims of learning
We entered thy halls
And found wisdom waiting
Within thy classic walls.
As true sons and daughters
May we bring thee fame
And, through coming years,
Love and honor thy name.

The beauty of a setting is always enhanced by a number of lovely girls. In this case we had twenty charming young women from four different grades, elected for the purpose of participating in a contest of poise and beauty.

Since all were well-known students at Newnan High School, three out-of-town guests were asked to undertake the difficult task of selecting five beauties — one from each class, and one to be crowned with the name of our annual, Miss Empyrean.

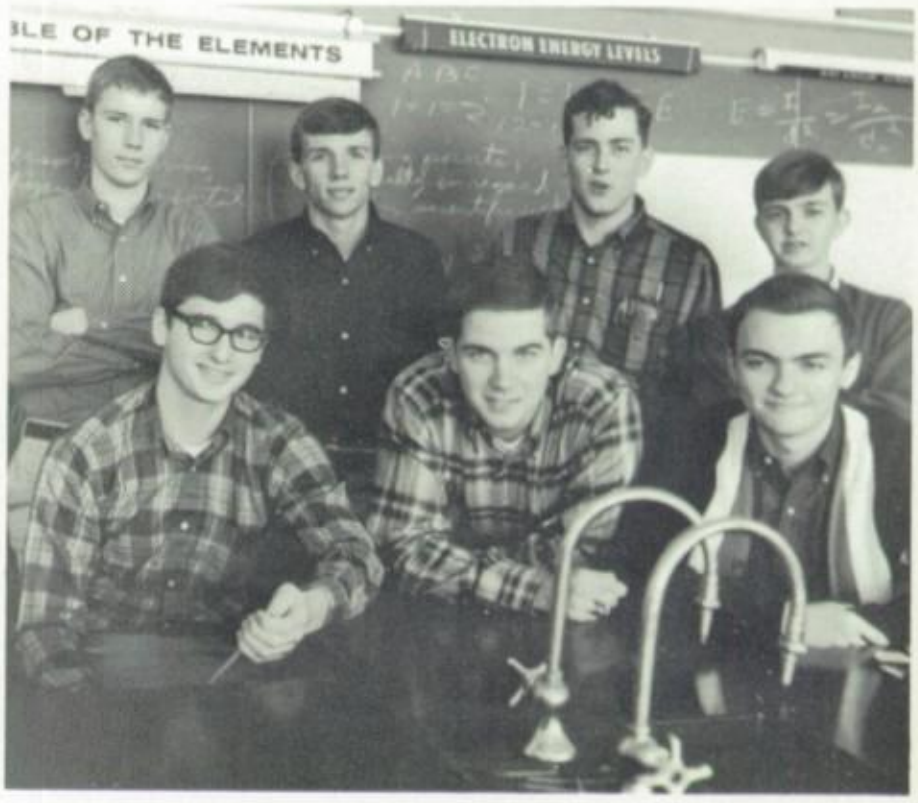
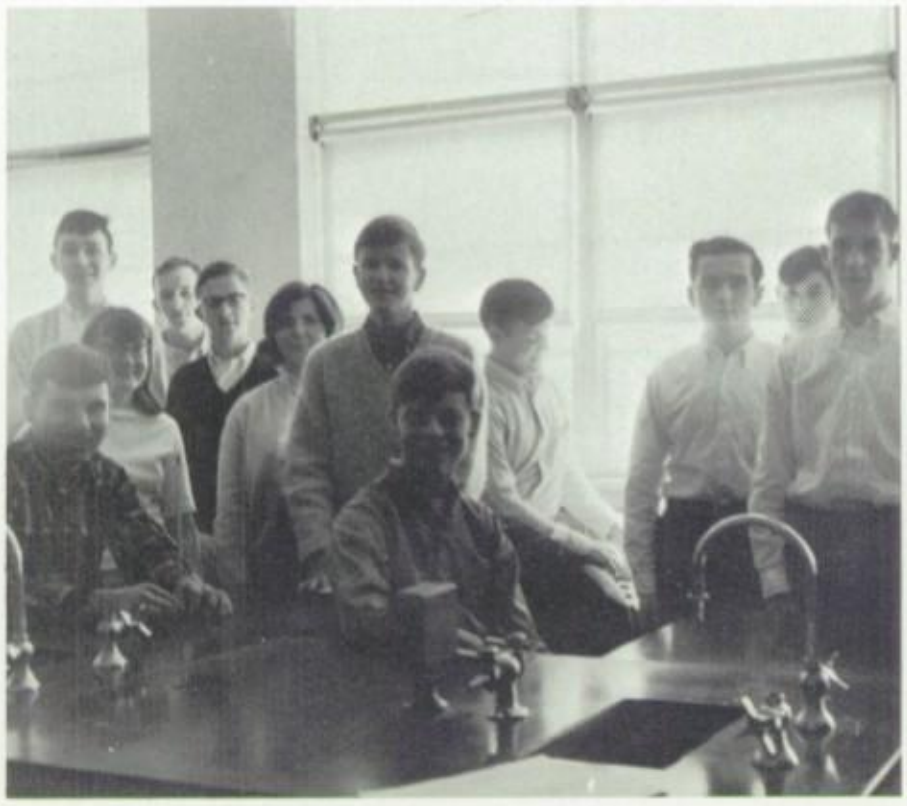
Science Club

Every organization has authority. These people are the authority of the Science Club. They are the sponsors, Mr. Pitts and Mrs. Noah; the President, Ed Johnson; the Vice-President, John Cole; the Secretary, Marsha Walker; the Treasurer, Robert Washington; and the Project's Chairman, Jim Stripling.

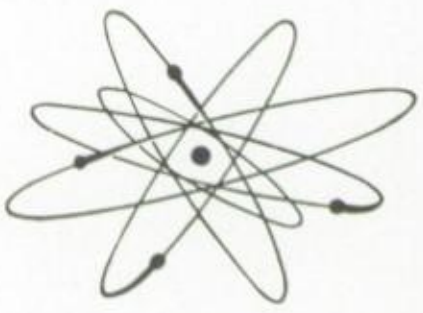


Heat, light, sound, infuriating problems — all are in the realm of Physics, as are several members of the Science Club.

Money is important, too. These Science Club members stand ready to refresh you at any Tiger football game.



Chemistry, region of fiz and boom and stink, is well known to the Science Club membership.



Football ends and basketball begins. From tip-off through triple over-time, the Science Club is charged with the basketball concession stand.

Faculty

MR. O. P. EVANS, *Superintendent of Newnan City Schools*

Our superintendent, Mr. Evans, is very much a part of the life at Newnan High School. His love and pride for Newnan High School have made him well liked by both faculty and students. His bright sense of humor always finds the sunniest spot on a gray day, and he is never too preoccupied to give a cheery smile. No problem is too insignificant for his interest because he is always ready to help. His great pride in the traditions and activities of Newnan High School is equalled only by our great pride in his capable leadership.

Mr. Tom P. Hutcheson, Our Principal

In a short time Mr. Hutcheson has won his way into the confidences and into the hearts of all of us. He commands respect from each of his associates and admiration from those who have come to know him. To us at Newnan High School, he is the personification of many worthwhile and necessary qualities. Because of his constant understanding of all our problems and his never-ending willingness to aid each of us, Mr. Hutcheson has become an invaluable part of our academic activity. He is never too busy to advise in decisions, is completely willing to praise as well as discipline, and always finds time to give of himself for the betterment of the school.

Again those familiar words, "May I have your attention please."

Editor's Epilogue

You hold in your hands a year book, a picture book of Newnan High School. In some respects you might say this book is my tombstone and this page my epitaph.

I sometimes thought to myself, "Is it worth all the work, frustrations, and trials to publish a year-book for the students of Newnan High School?" I somehow always came up with the same answer, "yes."

In years to come I will take this book from the shelf and look at it and remember the many, many people with whom I had my good times and bad, my trials and my tribulations. But most of all I will remember Newnan High School, not as a building, but as a true friend—a true friend that gave me life-long gifts—an education and an association with people.

Not everyone can be on the annual staff, but those who were, I feel, did a job unsurpassed. They worked night and day. They suffered from exhaustion. It was welcomed exhaustion—the type of exhaustion that tells you you have done a job well. Just as the whole is the sum of all its parts, each member of the annual staff went together to make-up a whole and complete annual for you. Since space will not permit, I cannot name the members of my staff individually. The pages of this book speak of their dedicated time and undying effort to bring you, the students of Newnan High School, this 1967 EMPYREAN.

I owe a debt of grateful gratitude to the EMPYREAN Sponsors, Mrs. Sanders and Miss Andrews, who were so understanding of my problems and were always willing to lend a helping hand.

There are no words to express how deeply I appreciate the opportunity of editing the EMPYREAN of 1967. I can only hope that this book will mean as much to you as it has meant and does mean to me.

Tom Camp, Editor
1967 EMPYREAN
